PRESENCE

**HQC** looks back on a long history and 35 years of experience in the International Halal certification sector.

35 years of success and leadership that motivates, inspires and obliges us to redesign and define the future of this highly interesting, ever-growing sector.

**HQC VISION 2020** was born in January 2018 to fulfil our commitment to our accreditation bodies, European industry and all other interested groups and organizations.

The motto **"The Next Level of Halal Certification"** motivates us to realize better, faster, more efficient and professional solutions.

Our vision is built on four clearly defined pillars to form a solid basis for a successful promising future.

Our motto: **“The next level of halal certification”** means for us a continuous improvement process to offer you an outstanding unique service.

**HQC VISION 2020** intends to bring the Halal certification to the Next Level.

Using a unique tailored IT solution and instant phone and email support. We intend to significantly accelerate the certification process, so you can save your time tremendously and respond to your customer requests faster in our increasingly faster world.

International presence and transparency at all levels and across all involved parties strengthens the already strong trust in **HQC** name and **HQC** certificates, so your products are almost nearly worldwide recognized as Halal with **HQC** certificate.

Our training programs bring the competence of our team continuously to **“the next level”** this means for you more professionally and time efficiently service.

**HQC VISION 2020** is an initiative by **HQC**, Halal quality control, so that we can offer you the service level of tomorrow, even today.

**Experience the difference, be a part of it**

HQC Logo is a trade mark of Control office of Halal slaughtering and Halal quality control based in The Hague, Netherlands. All mentioned accreditation related to HQC based in The Hague Holland. All accreditation and recognitions are valid Europewide. Contact us for more details.

## VALUE OF TIME

Our modern lifestyle challenges us to complete all tasks faster and much more accurately. At the same time, this modern age gives us versatile tools and possibilities to perform our work easier and faster.

**HQC VISION 2020** offers two complementary processes allowing you to save much more time to complete your core task:

**Intelligent IT solution:** Halal eZone is a tailored IT solution for Halal certification process that allows you to have all the documents and information at one place and sort, upload, download and find them at a mouse click. You save a lot of time and can use your time much more efficiently.

**Phone and Email Support:** Very often we need a quick response to our questions, so we can complete our jobs. We understand your concerns and appreciate your time and we answer your questions on the same day or at the latest within 48 hours.

## VALUE OF COMPETENCY

Halal certification process requires versatile skills such as Halal standard, food safety standard, quality management standard and audit skills. Only competent team members can inform the industry properly about Halal requirements and perform audits professionally.

**HQC VISION 2020** offers a two-tiered training programs to give our audit team and the industry the skills needed to accelerate the certification process by providing the industry all required information and knowledge about Halal.

**HQC Team:** Our team is represented at every international training and enjoys a continuous training program to meet the highest standards to serve you professionally.

**Industry and interested groups:** Through professional targeted efficient training programs, **HQC** offers the industry and interested groups highly interesting seminars in Europe in different languages, thus Industry has the knowledge and information to meet the Halal requirements.

## VALUE OF TRANSPARENCY

Trust and transparency are two indispensable features of leading certification bodies.

**HQC VISION 2020** strengthens the already acquired trust on HQC name and offers maximum transparency on two levels:

**Accreditation Body:** We are very transparent towards accreditation bodies. Therefore, **HQC** certificates are valid nearly worldwide, especially on Islamic countries with highest Halal standard and requirements such as: Jakim Malaysia, MUI Indonesia, ESMA UAE and GAC GCC. This already acquired trust will be reinforced and maintained.

**Industry and interested groups:** Our values and traditions oblige us highest transparency towards the industry and interested groups. This transparency includes sensitive topics such as cost structure, certification process and requirements as well as complaint management.

## VALUE OF GLOBALIZATION

The world has grown into a small village. On the one hand, **HQC** is internationally present since its founding. On the other hand, **HQC** is at home in Europe and very close to the European industry and guarantees the European industry a nearly worldwide accepted Halal certificate and professional understanding of the European industry and its concerns.

**HQC VISION 2020** reinforces this international and regional presence on two levels:

**International:** **HQC** participation and contribution in international conferences and workshops is reinforced by our professional team. This will allow us to shape the future of the Halal certification and contribute to even more professional transparent Halal standards.

**Europe:** Our presence in Europe will be strengthened, our team will be expanded so that we can get closer to the industry in whole Europe and ensure a professional, time-efficient and impeccable certification process.
